

DESCRIPTION

CREW CARE Dishwasher Detergent is a concentrated liquid alkaline, non-foaming dish/utensil detergent meant for use in galleys' automatic dishwashers. CREW CARE Dishwasher Detergent is highly effective in removing starch, protein, fats, and oils. It is recommended for use in automatic dishwashers found in food service and food handling areas in galleys. As part of hygienic work practices, CREW CARE Dishwasher Detergent is recommended to remove foodstuffs and fats during automatic dishwashing.

APPLICATION AND USE

For dishwashers, the product can be fed directly from the container into the dishwasher via the auto dispensing system in the automatic dishwasher. Product can also be manually added to dishwasher just prior to washing. About 8 mL is required per load (about one capful). Safe on aluminum when used as directed.

TYPICAL PHYSICAL PROPERTIES

Biodegradable	Yes
Rinsing	Excellent
Foam Generation	Nil to very low
Emulsification/Solubility	Rapid

pH	13
pH 1% Solution	11.8
Specific Gravity	1.16
Appearance:	Clear yellow liquid
Odor	Mild
Flash Point	None
Recommended Use Temperature	60° - 82°C (140-180°F)
VOC	None
Storage	Keep from freezing

FEATURES

- Specially formulated alkaline cleaner with polymers, chelating agents, and a dispersant
- Safe on plastic, aluminum, galvanized surfaces, and other soft metals when used according to product directions
- Stable in hard and soft water
- Free rinsing
- No foam
- Hard water tolerant
- Phosphate free
- Outstanding oil/water separation
- Made using sustainable, renewable resources
- Regular use results in hygienic cookware and eating utensils

BENEFITS

- Effective cleaning in automatic dishwashing equipment
- Effective in removing starch, protein, fats and oils
- Maintains crew health
- Excellent for cleaning plastic trays and baskets
- Will not plate onto metal surfaces
- Will not cause spotting
- Low impact on environment
- Gray water waste contains no phosphates
- Managed dosage and consumption
