- Reflective tape on handle
- For mooring heaving lines

MAX. WEIGHT	GRANULATE SIZE	ARTICLE NUMBER
500 g	1-3 mm	322245

FOR SHIP-TO-SHORE MOORING OPERATIONS

Weighted throwing bag with a handle for secure attachment of the heaving line. Contains no metal or other rigid weighting components and is designed to minimise the risk of injury to personnel receiving the line.

INSPECTION AND MAINTENANCE

Inspect the bag, seams, handle and attachment point before each use. If damage, wear or deterioration could affect safe use, remove the bag from service and replace it. No scheduled maintenance is required.

Conformity: The Declaration of Conformity for the 1SEA Weighted Throwing Bag states compliance with MCA COSWP 2026, Section 26.3.6.
