

Overhead Drum lifter

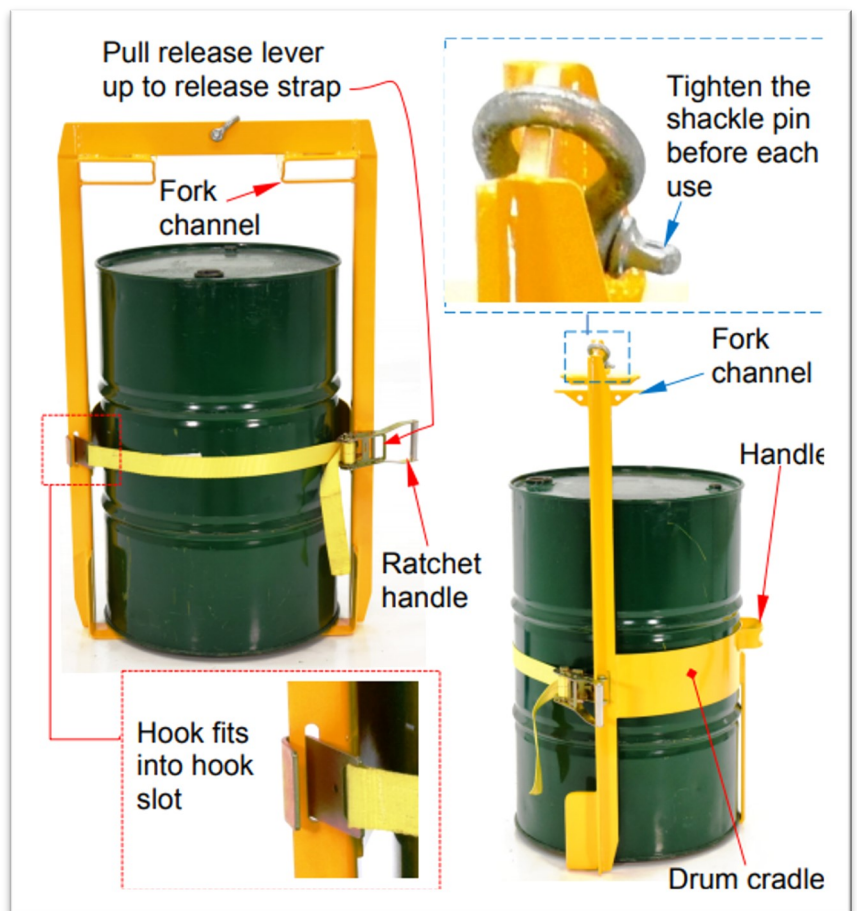

The Overhead Drum Lifter is designed for straight vertical drum lifting using an overhead crane.

The Lifter also features integral fork pockets to allow use with a forklift.

Unique saddle design allows use with 30 and 55 gallon steel, plastic and fiber drums and the integral ratchet strap securely holds the drum in place.

Fork Pockets on Center = 18".

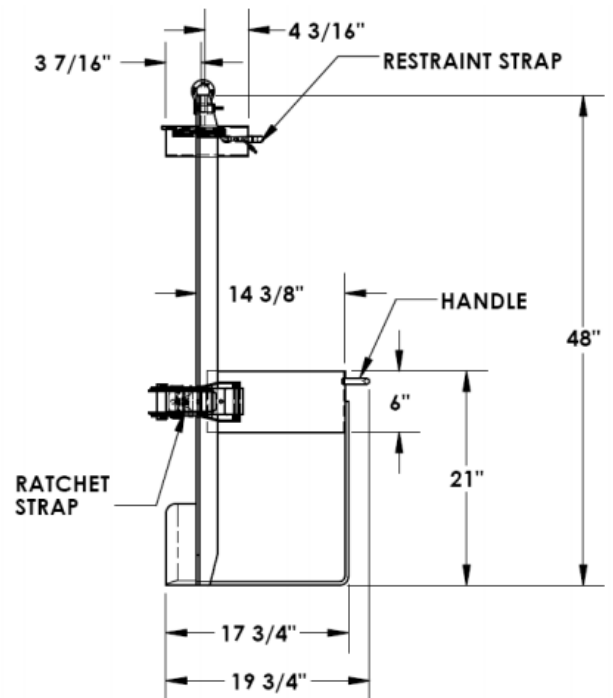

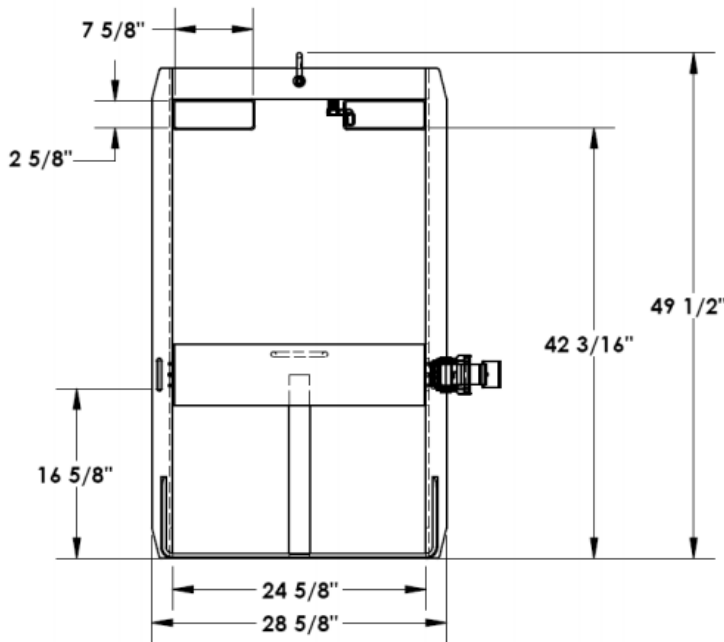

Welded carbon steel construction features a durable powder-coated safety yellow finish.

Overhead Drum lifter
