Emergency Rations: Survival Nutritional Pack

Pains Wessex Emergency Rations provide high energy food for emergency survival. Approved world-wide for use on board lifeboats and liferafts, our compact emergency rations have been developed to offer the highest quality rations manufactured under stringent German standards.

- + Specially developed to minimise size, making them more cost effective to transport and store than other ration products on the market
- + Made with quality ingredients the rations are vegan, nut free and made without GMO, to maximise usability.

DESCRIPTION

Pains Wessex survival ration food box conforms to ISO18813:2022 and is approved by Lloyds Register and the USCG to meet the requirements for survival food. The pack consists of nine high energy wrapped bars in a vacuum sealed alu-foil pack to maintain freshness.

Each food pack weighs 500g (17.64 oz) providing an average 10,150kJ of energy meeting all the worldwide regulations. The packaging has been thoroughly tested to provide product durability and keeps fresh for 5 years.
