1. Choosing your upholstery

COLLECTION	BEST SUITED FOR	KEY CONSIDERATION
Urban	General accommodation & common areas	Durable woven fabric, water repellent
Bombay	General accommodation & higher-use seating	Heavier woven fabric, washable
Bombay FR	Applications where enhanced upholstery fire performance is preferred	Enhanced documented fire performance
Florida	Areas requiring easy cleaning	Hard-wearing artificial leather, wipe-clean
Clinic	High-cleaning / demanding environments	Waterproof, antimicrobial, alcohol cleanable

2. Upholstery selection

Collection: _____

Colour reference: _____

Example: Mercis Clinic | Colour 769

3. Marine project requirements

MARINE PROJECT REQUIREMENTS

Requirements for furniture and upholstery may vary depending on the vessel type, flag State, classification society and the space in which the furniture is installed.

The fire-performance information stated in this guide relates to the individual upholstery materials and should not be interpreted as approval or certification of the complete chair.

Where specific fire-performance or approval requirements apply, these should be identified as part of the project specification before the furniture is selected.
