

MERMAN

FIREFIGHTER OUTFIT STORAGE BAG

The MERMAN Firefighter Outfit Storage Bag provides a practical storage solution for firefighter protective clothing on board vessels. The bag features a spacious main compartment designed to accommodate a complete firefighter outfit, ensuring that the equipment remains organised, protected and ready for immediate use in emergency situations.

Manufactured from durable heavy duty fabric, the bag is designed to withstand demanding maritime environments while protecting the contents from dirt and mechanical wear.

Strong carrying handles provide secure and comfortable transport, while the spacious design ensures quick access to a complete firefighter outfit during emergency situations.
