

Altrex PRO⁺

Falco FEO

- Single sided
- Safe in use and prevents finger entrapment due to smart hinge system of the platform
- Increased sturdiness thanks to single box-profiled treads (80 mm)
- For professional use

Falco FEO single sided. The steps for professional use

The Falco is designed for intensive use. The robust, shaped treads are ideal for any professional task. The self-unlocking hinging system makes the stepladder particularly handy and easy to use. Quick to use, quick to clear away.

The grey coating is not just stylish, it is also dirt-resistant and does not come off on your hands. Strengthening braces and large anti-slip feet ensure stability. The safety guardrail is not just safe, the tray on the rail also gives you somewhere to store your tools.

FALCO SINGLE SIDED - aluminium stepladder (with grey coating)

Description	Art.No.	Type	Number of treads	Storage length (m)	Max. standing height (m)	Max. working height (m)	Weight (kg)
